*Discussed November/December 2024*

## Discussion Questions

1. Did you finish the book? How did you feel about the length?
2. What did you think about how the characters dealt with their creation for their roles in society?
3. What did you think of the use of sentience to make living things into people?
4. How did you find the setting and the story interacted?
5. How does this version of corporate ownership compare to others you have read?
6. How did you find the transition between time periods?
7. What did you think about the progression of characters narrating the story?
8. What did you think about the gender, sexuality and relationships between the characters?
9. Did you enjoy how the ending played out?
10. Would you be interested to read more books like this or others by this author?
